Hello Captain and RAP Team,

I wanted to flag an encampment along the fire road. I have attached a map of the area. Please see the pictures below, it looks as if they formed a small hut out of dead brush and debris. It looked to be about 6-8 feet high by about 10 feet wide. I was not able to go up the hill for closure pictures, plus there were people in the make shift hut.

Can we please get an assessment of the encampment or what they built? It was brought to our attention by a constituent who live close and is fearful because it is farily close to the homes in the area.

Happy New Year and thank you in advance for all your help in the matter.
